

Within the ART-KYIV Contemporary art fair the round-table “Museum in the modern context” was held on November, 11th. Project manager of the Foundation Denis Belkevich made a keynote “Museum as a Content-provider: Intellectual Technologies and the Exhibition Space”. The speech will be published soon in the December issue of ART UKRAINE magazine and also on our website.

Photos from the event are available by now on the [ART UKRAINE official page](#) .
